Overview of China-Arab States Expo 2017

The China-Arab States Expo is an international comprehensive expo at the national-level approved by the State Council of China. It is jointly organized by China's Ministry of Commerce, China Council for the Promotion of International Trade and the People's Government of Ningxia Hui Autonomous Region. Since 2010, three sessions of China-Arab States Economic and Trade Forum and two sessions of China-Arab States Expo have been successfully hosted in Ningxia, which has been widely recognized by the Arab countries and other countries along the "Belt and Road" with profound influence. The Expo has attracted 29 Chinese and foreign dignitaries, 336 ministerial-level government officials and over 6,500 representatives from domestic and foreign enterprises to participate. It has played an important role in promoting China-Arab States economic and trade cooperation and cultural exchanges and has become a "Golden Brand" for Ningxia's opening-up to the world. On January 21, 2016, Chinese President Xi Jinping mentioned in his speech at the Arab League Headquarters that China-Arab States Expo has been an important platform for China and Arab states to jointly build the "Belt and Road".
